## THE FRESHEST WAY TO WELCOME SPRING

The smell of spring is in the air, and we have some fresh citrusy goodness. Our early spring selection includes sweet and juicy melons, vibrant and tangy citrus fruits like pomelo, orri mandarin, cara cara, and blood oranges, as well as irresistibly delicious cotton candy grapes and pink muscat grapes. For more savory options, we offer English peas and white asparagus, perfect for adding a touch of freshness to any dish. And don't forget about rhubarb, a tart and versatile ingredient that pairs well with both sweet and savory flavors. Start delighting your customers with every bite!
