## CRUNCHY AND SWEET: THE PERFECT COMBINATION

Just like you, farmers operate on slim profit margins, yet they have been diligently toiling to present their late summer produce with pride. The array of choices is boundless, whether you're selecting locally grown corn, eggplant, and tomatoes or indulging in tropical delights like bananas, lychee, and pineapples. At Riviera, we ensure sourcing only the freshest and finest when these items are in season. Leave the sourcing in our capable hands, and we'll leave the art of savoring it up to you!
